PRESENTATIONS

Agenda Item No. 4.A: Recognition – Fuquay-Varina 8U Basketball All-Stars
- State Champions

Parks & Recreation Director Jonathan Cox and Athletic Program Administrator Adam Hairr presented information regarding the SWAC basketball tournament that took place in Tarboro, NC. They commended the 8U All-Star team that consisted of boys, age 8 and under for winning the state championship and representing the Town of Fuquay-Varina. Mayor Byrne presented the 8U Basketball All-Stars - State Champions with a plaque, and he commended the team for their hard work and dedication to the sport. Mayor Byrne recognized team members: Paxton Coon, Clayton Baker, Cameron Chavis, Blondin Diop, Colby Harbin, Corey Kinard, Dillon Robinson, JyHaden Kizer, Nathan Miller, Sawyer Greene, Tylar Hodges and Warren Mountford. Mayor Byrne also recognized the coaches for the All-Stars team: Corey Coon, Doyle Fletcher and Corey Kinard. Coaches Corey Coon and Corey Kinard expressed their pride in the team and gratitude for the special recognition.

Special Presentation

Mayor Byrne introduced Monica Webb, Director of Marketing for Ting, which is a high speed fiber internet service provider that will be coming to Fuquay-Varina. Ms. Webb gave a brief presentation and thanked the Town Board and staff for welcoming the company to Fuquay-Varina. She stated that today the company has seven U.S. offices and six Ting internet cities with 500 employees of which most are based in Canada and the U.S. The company prides itself in delivering outstanding value and unparalleled customer service and support. She stated that along with internet service Ting will also provide TV service by the end of the calendar year. Construction in the Town of Fuquay-Varina will start in the next 4 to 6 weeks and the service will go live by the end of the

year. The Mayor and members of the Town Board expressed their excitement for the new internet service provider coming to Town.

Agenda Item No. 4.B: 2018-2019 Fiscal Year Operating Budget and Five Year Operating and Capital Plan Presentation

Town Manager Mitchell advised that on April 24, 2018 and May 1, 2018, the Governing Board heard a presentation regarding the proposed FY 2018-2019 operating budget for the Town. At those meetings, the Town Manager presented a balanced budget and five-year operating and capital plan and led discussion about the impacts of growth on human resource needs, facilities, and the prioritization of infrastructure projects.

It was reported to the Governing Board that a public hearing will be recommended for scheduling on the June 4, 2018 Town Board meeting as it relates to the proposed FY 2018-2019 Operating Budget.

The proposed FY 2018-2019 Operating Budget totals \$46.77-million. The proposed budget proposes no increase in the property tax rate which is recommended to remain at 43.25 cents for every \$100 in value. The proposed budget does include increases in water and sewer base rates and volumetric rates consistent with the Town's 2016 rate plan and to allow the servicing of debt associated with the expansion of the Terrible Creek Wastewater Treatment Plant. Additionally, the proposed budget recommends changes to various charges and fees.

The Five Year Operating and Capital Plan is balanced requiring the potential need for a two-cent tax rate increase in FY 2020 to offset rising construction costs associated with planned and bonded transportation improvement projects and a possible one-cent tax rate increase in FY 2023 to offset the expense related to the construction, personnel, and outfitting of a fourth fire station. The plan includes the addition of personnel, capital equipment and capital projects to match the pace of growth and is consistent with the direction set by the Town Board at the Strategic Planning Retreat. The Five Year Plan also takes into consideration the recommendation from various Town Master plans and studies. Additionally, the Five-Year Plan reflects the need for water and sewer base rate and volumetric rate increase in years two through four to offset the debt service and capital expenses associated with the Terrible Creek Wastewater Treatment Plant and various Preferred Growth Area infrastructure projects.

Board Discussion – Commissioner Harris recommended increasing the current fee of \$10 for the Peddling and Soliciting permit fee to \$50, instead of \$25 as recommended by the Town Manager. He stated that the additional fee cost would help offset Police Department staff time that is required to vet the

applications. The Town Board concurred and Town Manager Mitchell advised that he would make the change to the proposed fee schedule.

Recommendation – Schedule a public hearing on the FY 2018-2019 Operating Budget for June 4, 2018 with consideration of the recommended changes as proposed by Commissioner Harris.

MOTION: Mayor Pro-Tem Massengill
SECOND: Commissioner Wunsch
MOTION RESULT: Passed Unanimously (5-0)

ADMINISTRATIVE REPORTS

Agenda Item No. 10.A: Agreement - Duke Energy - Army Corps of Engineers Permitting - Wade Nash Road Improvements

Purpose – To consider an agreement with Duke Energy with respect to Army Corps of Engineers permitting of the widening of Wade Nash Road by Duke Energy, as a part of development of an electrical substation.

Staff Comments – Town Manager Mitchell entered the agenda abstract and supporting documents for this agenda item into the official record of the Town. He then advised that the Town's development requirements include improvements to adjacent public right-of-way with site development. He shared that in the case of the Duke Energy substation project, the U.S. Army Corps of Engineers made a determination that the wetlands impact would not be approved as part of site development because it supports the Town's

transportation network, not the substation project itself. Town Manager Mitchell advised that Duke Energy is committed to make the required CTP improvements and pay for said improvements, but it would require the Town to be the permit applicant to the Corps. He further advised that the Town and Duke Energy had worked to prepare an agreement for the Town Board's consideration that gives assurances that Duke Energy will do what is required of them if the Town agrees to be the permittee.

Board Discussion – Commissioner Adcock asked for a map showing where the wetlands are in that area. Town Manager Mitchell stated that he would provide a map for him after the meeting. Commissioner Harris asked if there were changes to the location of the substation on the property. Town Manager Mitchell stated that the substation will be located where Duke Energy proposed and where the Town Board of Adjustment approved as part of their site plan, which means there were no changes.

Recommendation – Approve the agreement between the Town of Fuquay-Varina and Duke Energy as presented and recommended.

MOTION: Mayor Pro-Tem Massengill
SECOND: Commissioner Wunsch
MOTION RESULTS: Passed (4-1)
(Commissioner Harris voted in opposition.)

Agenda Item No. 10.B: Resolution - Property Condemnation - NW Judd Parkway - Right-of-Way

Purpose – To consider adoption of a resolution instructing the Town Attorney to begin condemnation proceedings for the NW Judd Parkway Project.

Staff Comments – Town Manager Mitchell entered the agenda abstract and supporting documents for this agenda item into the official record of the Town. He then advised that timing to be under construction for this project so as to not jeopardize schedule or federal funding is quickly approaching. He further informed the Board that 53 properties were impacted by the project however none would require the entire taking of a property. Town Manager Mitchell stated that similar to the NE Judd Parkway Intersection Project, he and staff are advising that the Board adopt a resolution authorizing the Town Attorney to begin condemnation proceedings since it is not known which property owners will voluntarily accept purchase offers by the prescribed deadline to respond. He cited complex corporate ownership groups, disparity between third party appraised values and property owners' estimation of their own property values, and property owners facility to accept offers as possible causes for a delay in the project and jeopardizing schedule and funding.

Board Discussion – Mayor Byrne recommended moving forward with this process.

Recommendation – Approve the resolution instructing the Town Attorney to begin condemnation proceedings for the properties along the NW Judd Parkway as presented and recommended.
