Mission

To provide diverse recreational opportunities and facilities that enhance social development and community well-being through welcoming parks, public spaces, facilities, organized activities, cultural resources, and special events.

Vision

Participation in youth sports provides children with an opportunity to gain many valuable life skills and develop an appreciation for physical fitness, all of which can lead to a lifetime of healthy activity.

This can only occur, though, when organized sports programs are designed and administered to ensure a safe, positive, fair and fun environment for everyone.

Philosophy

- Provide a safe and positive environment for youth to participate in sports programs.
- Provide each child with the opportunity to play regardless of skill level.
- Teach participants the skills and fundamentals of the sport they are participating in.
- Encourage sportsmanship, team-play and leadership
- Winning is *not* the ultimate goal; giving your best effort and displaying sportsmanship no matter the outcome is! Losing is not failure, it's a chance to learn and develop your skills and character.

III. Communication

- a. **24 HOUR RULE:** Parents sometimes disagree with a coach’s decision or coaching style, especially when it involves their child. Parents must understand that the coach does not represent a player, but the entire team and must make decisions from the team perspective first and foremost. For parents, it is important to separate their child’s sports development from game emotions. For this reason, we have adopted the “24 HOUR RULE,” which simply states that the coach will not discuss game situations until at least 24 hours after the game. This rule helps to move the discussion away from the presence of the players and allows all parties to have time to put things in perspective and cool off if necessary. This rule also applies to coaches and parents contacting the recreation department.
